## WE PROVIDE **COVID-19 Cleaning** and Decontamination Services

A&D Environmental Services offers a comprehensive range of reliable, proven industrial and in-plant cleaning and decontamination services that minimize risk and deliver total peace of mind. Our broad capabilities and highly-skilled team of experts, combined with the use of OSHA and CDC recommended disinfectants and procedures, make A&D your single-source provider of safe, secure solutions that reduce the risk from virus-contaminated sites and surfaces.

A&D has the equipment and technical resources to deliver a broad scope of high-quality, highly competent response services on a 24/7/365 basis. Our team of trained emergency responders and environmental specialists will be able to safely clean and disinfect your premises with minimal disruption to your business.

Backed by our highly competent response teams, A&D can supply you with the necessary equipment and technical resources so that you can focus on what's important to you, your business. Give us a call today at 800-434-7750.

### **Our Cleaning Services Include:**

- Cleaning and disinfecting with an airless sprayer on hard surfaces using a cleaning solution from the EPA's published list of approved disinfectants for use against SARS-CoV-2, the novel coronavirus that causes the disease COVID-19;
- Wipe down of electronic equipment with use of denatured alcohol, methanol, isopropyl alcohol or ethanol;
- Proper waste management of any waste resulting from disinfecting activities including: waste stream profiling, marking and labeling of waste containers, completion of shipping papers, transportation of waste and final disposal at a facility capable of handling COVID-19 contaminated debris.

### **We Provide Services to:**

- Manufacturing facilities, warehouses, distribution facilities
