WE PROVIDE REMEDIAL SERVICES

A&D Environmental Services provides proven remediation services that have three bottom-line goals:

- 1) to ensure that contaminated sites pose no threat to your business, your employees, and the community;
- 2) to reduce the potential for future regulatory actions; and
- 3) to minimize the risk and liability to customers.

Our fully trained, highly qualified experts bring a range of resources technical as well as professional - to jobs of any size and complexity, ensuring that we can provide the solutions you need.

A&D owns and maintains an array of heavy equipment including track excavators, track loaders, dozers, backhoes, skid-steers, and a fleet of company-owned dump trucks, dump trailers, roll-offs, and tankers. So regardless of the size or complexity of the project, we can mobilize the right assets for a fast, effective response.

We offer complete installation services for soil and groundwater remediation systems, as well as system operation and maintenance. This in-house capability translates to greater value and faster turnaround times for customers.

A&D's wide range of capabilities ensure that you get all of your remediation services from one provider.

We Provide:

- Contaminated soil management and soil stabilization
- Underground storage tank removal
- Stream restoration
- Air sparging/soil vapor extraction systems
- Piping and fabrication, including HDPE
- Contamination removal inside buildings and facilities
- Brownfield redevelopment
- Groundwater remediation
- On-site waste minimization
- AFVR/MMPE
- Sludge dewatering
- Installation of landfill cells, liners, and caps
- Landfill closure
- Lagoon cleaning, closure, and maintenance
- On-site treatment options such as in-situ and ex-situ chemical oxidation, metals stabilization, and thermal treatment
- Underground utility location using hydro and/or air-excavation (aka vacuum excavation, potholing, or daylighting)

Backed by our highly competent remediation teams, A&D can supply the necessary equipment and technical resources so that you can focus on what's important to you, your business.
